Licensing and Installation	Perpetual User Licensing	Licensed based on scanner group	Licensed based on scanner group	Yes	Yes	PLAS licensing required for Capture Pro
	Subscription Licensing	1-Year Subscription	1-Year Subscription	1-Year Subscription	1-Year Subscription	Subscription renewals can be for any period of time up to one-year
	Development Server Licensing			X	X	
	Disaster Recover Server Licensing			X	X	
	Server and Database required	No	Yes	Yes	Yes	
	PC Pre-requisites	.NET Framework 3.5 and 4.x	.NET Framework 3.5 and 4.x; Microsoft Silverlight 5.x for NE Dashboard	Java Runtime Environment (32-bit or 64-bit) for Java Client; HTML-5 Client can run in any browser without Java Runtime	Java Runtime Environment (32-bit or 64-bit) for Java Client; HTML-5 Client can run in any browser without Java Runtime	
	Windows Server		X	X	X	
	Linux Server			X		
	Web Install	X	X	X	X	Software installers are not available on DVD
Silent Installation	X	X	X	-		
Application Launch	Scanner buttons	X	X			
	System tray	X	X			
	Desktop icon for launch	X	X	X		Desktop icon created in Info Input when launching Java client outside of browser using IIS Opener
	Big Button GUI	X	X			
User/Group Configuration	Users	X	X	X	X	Capture Pro will support up to 10 network scanning users for the S2000w and S2085f/S3000 series scanners
	Groups and Privileges	X	X	X	X	
	Active Directory Authentication	X	X	X	X	

		Capture Pro	Capture Pro (Network Edition)	Info Input Solution (Batch Capture)	Info Input Solution (Transactional Capture)	Comments
Scanning	TWAIN driver Support	X	X	X	X	
	Scanning Profiles	X	X	X	X	With NE and Info Input - ability to manage scan profiles centrally
	Multiple Scanner Support	X	X	X	X	All Kodak and Alaris model scanners supported
	3rd Party Scanner support (i.e., non-Kodak/Alaris models)	X	X	X	X	Capture Pro supports 3rd party scanners via ISIS. Info Input can support 3rd party scanners via ISIS or TWAIN
	Flatbed Support	X	X	X	X	
	Driverless Scanning			X	X	Driverless scanning uses the Restful API for the S2000w, S2085f, and S3000 scanners. HTML-5 Client only.
	Job name on scanner OCP with icon	X	X	-	-	
	Offline Scanning			X		Info Input Batch has off-line scanning abilities
Scanner Button Support	Support one touch Scanner Button - legacy	X	X	-	-	
	Support one touch Scanner Button - S2000 USB	X	X	-	-	
	Support one touch Scanner Button - S2000w, S2085, S3000 Network	X	X	-	-	
	Support one touch Scanner Button - S2000w, S2085, S3000 Multiuser	X	X	-	-	
	Number of scanner buttons supported	9 or 20	9 or 20	-	-	9 buttons for legacy scanners and 20 buttons for S2000, S2000w, S2085f, and S3000
	Limit number of buttons enabled	X	X	-	-	

		Capture Pro	Capture Pro (Network Edition)	Info Input Solution (Batch Capture)	Info Input Solution (Transactional Capture)	Comments
File Import	Image files (TIFF/JPEG etc.)	X	X	X	X	
	PDF (text/image) rasterize	X	X	X	X	
	eDoc (MS Word/Excel etc.)			X	X	MS Word and Excel documents can be optionally rasterized into images with Info Input
	Email and attachments (MS Outlook)			X	X	
	Drag & Drop File Import			X	X	
	Hotfolder - Auto Import	X	X	X	-	An Auto Import or Group E, F, or G license is required for Capture Pro
Indexing	Document	X	X	X	X	
	Number of Index Fields	Unlimited	Unlimited	Unlimited	Unlimited	Indexing in Info Input Transactional depends on customer integration
	Batch	X	X	X	X	
	Zonal OCR	X	X	X	X	
	Rubberband OCR (i.e., Drag n' Drop OCR)	X	X	X	X	
	Point and Click OCR	X	X			
	Zonal ICR (Handwritten Text) and OCR via cloud engines			X		Info Input Classification and Extraction Module is required
	Manual entry	X	X	X	X	
	Calendar Date Picker			X	X	
	Barcode	X	X	X	X	Smart Touch allows to name document based on barcode; Barcode support in LE is limited compared to regular Capture Pro
	OMR	X	X	X		OMR in Info Input requires Classification and Extraction Module
	Sticky fields	X	X	X	X	
	Drop-Down List Indexing	X	X	X	X	
	Double Data Entry	X	X	X		Can be done via custom scripting in Info Input Solution
Database Lookup	X	X	X	X		
Web service call for data lookup	X	X	X	X
